

Manager

Category	2 - Meets All and Exceeds Some Expectations
Category Description	Meets and may occasionally exceed all performance expectations, resulting in significant contributions to the organization.
Comment	Soon improved his attitude and working style, he has worked on License Web API and transferred it, skype automation task and learned the tactic of Win Automation to record sequential steps for automation. Key spaces for improvement: - Continue reviewing techniques to record sequential steps as well as leverage to the different spaces within workplace serves - Leadership and communication so the entire goal/objective can be delivered faster - Creativity and aspiration to find more options to achieve the end result as well as better end user satisfaction and more value FY21 will bring new opportunities to continue automating as well as finding options to reduce end user impact and increase the preventive actions.
